

6th Edition of World Congress on

GEOLOGY & EARTH SCIENCE

Sep 29 - 30, 2025 at Berlin, Germany

Welcome to the 6th Edition of World Congress on Geology & Earth Science Conference.

On the great success of the Fourth conference held in Rome Italy, INNOVINC International proudly announcing the “**5th Edition of World Congress on Geology & Earth Science**” (**GeoEarth-2025**) which will be held in Berlin, Germany from Sep 29-30, 2025. The key objective of the GeoEarth-2025 is to share the latest developments on Geological Activities and Researches.

An additional objective of GeoEarth-2025 is to encourage students to showcase their research to support the next generation of geology professionals. The Conference will feature invited keynote speakers and theme sessions with oral and poster presentations drawn from submitted abstracts. We invite people from academic institutions, government agencies, associations/societies, students and professionals from geology industry and practitioners from consulting companies.

Best Regards,

Robert Martin,

Program Director

Scientific Sessions

We have enlisted some outstanding sessions that will give an opportunity to focus on specific areas from your own perspective experiences. Abstracts of all the related interest areas are accepted, but are not limited to the following sessions

- Environmental Geo-sciences
- Geo-technical Engineering
- Geophysics & Geochemistry
- Remote sensing and GIS
- Oceanography & Marine geology
- Igneous & Metamorphic Petrology
- Environmental Sustainability
- Structural Geology & Rock Mechanics
- Sedimentology & Stratigraphy
- Geological Data Collection & Analysis
- Ecosystem Ecology
- Water: Sea, surface and subsurface
- Soil Science and Soil Biodiversity
- Climatology and Meteorology
- Volcanology and Geothermal Research
- New Technologies and Applications of Earth Science
- Seismology
- Bio-Geochemistry
- Geological Disasters and Management

WHY YOU SHOULD ATTEND

GeoEarth-2025 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

- Congregate with most senior executives
- Nurture connexions
- Agenda format which incorporates ample Q&A time
- Partake in our revamped exhibitor expo sessions
- Meet and listen to the relevant clients
- Unprecedented growth creating an unparalleled market place

IMPORTANT DATES

Abstract Submission Opens: **September 30, 2024**

Registration Opens: **October 07, 2024**

CONFERENCE VENUE: BERLIN, GERMANY

ABOUT Berlin, Germany

Berlin, the capital of Germany, is renowned for its rich history, cultural diversity, and vibrant arts scene. Once divided by the Berlin Wall, the city now stands as a powerful symbol of reunification and progress. Its iconic landmarks include the Brandenburg Gate, the Reichstag, and the Holocaust Memorial, while it also boasts world-class museums, a thriving tech industry, and an eclectic music scene.

At the heart of its cultural heritage is Museum Island, a UNESCO World Heritage site, home to institutions such as the Pergamon Museum and Altes Museum. Berlin's music offerings range from classical performances at the Berlin Philharmonic to cutting-edge electronic music in renowned clubs like Berghain. The Berlin International Film Festival (Berlinale) is also among the world's most prestigious.

TESTIMONIALS FROM THE PAST CONFERENCES

A short e-mail to thank you for inviting me and the whole organization of the Geo-Earth conference. It was an interesting session.

- Edwin Peeters, Wageningen University, Netherlands

The congress was a nice experience especially for meeting international colleagues working in different fields,

- Ulrich Burger, Brenner Base Tunnel BBT SE, Austria

Thanks to your hosting, I was able to make a presentation without any problem. Thank you so much.

- Taro Kakinuma, Kagoshima University, Japan

We all learned a lot, even though not always understood the technicalities of each domain. Overall, we were left with several new ideas for our future research, i.e., the main goal of our participation to a conference.

- Carmen Mihaela Neculita, UQAT - University of Quebec in Abitibi-Temiscamingue, Canada

Congratulations for the successful organization of the conference. I enjoyed the large variety of subjects and methodologies dealt in the presentations.

- Rodolfo Console, Istituto Nazionale di Geofisica e Vulcanologia, Italy

I too appreciate the hard work of you and your team to organize the conference in a very systematic way.

- Arup Kumar Sarma, Indian Institute of Technology Guwahati, India

I enjoyed the conference which was small but enjoyable because attendees were well involved in the meeting

- Ibrahim Cemen, The University of Alabama, USA

Thank you very much. Congratulations for the successful conference, Looking forward to meet you in the near future.

- Piakong Mohd Tuah, Universiti Malaysia Sabah, Malaysia

The conference was organized quite well and it was very interesting. Also I could talk to scientists from different countries and exchanged ideas and experiences.

- Zh. Kulenbekoy, American University of Central Asia, Kyrgyzstan

Thanks for your nice thoughts. I am very pleased with your congress and hospitality. Therefore, I would like to attend your second congress. See you at your Japan congress.

- Sevda Ozel, Sivas Cumhuriyet University, Turkey

Thank you for everything technical and non-technical facilities extended to me during the congress and my stay. It was indeed an excellent event organised by you and an wonderful platform to share my views.

- D. R Kanungo, CSIR- Central Building Research Institute, India

For me, joining your community was a wonderful experience. I hope we can have new opportunities to meet. I will think about the 2nd world congress, hoping to attend.

- Giovanna Capparelli, University of Calabria, Italy

It was my great pleasure to give a plenary talk at the Geosciences-2019 conference in London. I consider that the conference was very good organized and successful.

- Pavel Kishcha, Tel Aviv University, Israel
